The McCreary County Sheriff's Office has received reports of a two male subjects possibly scamming elderly persons in our area. Subjects are said to be offering tree cutting, trimming, and spraying services. The subjects are said to ask for money up front, and do not return to complete the job. Subjects may be in a blue Ford F150 short bed truck with a chrome tool box in the back bearing a Pulaski County tag, or a red and gray Chevy stepside truck. If you are approached by any individuals offering services of this type that are requesting payment up front, or driving the vehicles described, contact the Sheriff's office with the information.
